

Stickerbook Sky

A Cozy Sanctuary

What is Stickerbook Sky?

Stickerbook Sky is a cozy, anonymous messaging platform where users fold their thoughts into paper planes and launch them into a shared galaxy. Strangers catch planes, reply with hand-picked stickers, and build personal star charts. Privacy-first, women-owned, and designed to feel like a quiet corner of the internet.

Key Features

- Anonymous paper planes, share thoughts without identity pressure
- Sticker responses, reply with collectible, hand-drawn stickers
- Star charts, earn constellations based on emotional themes
- Stardust+ subscription, unlimited inbox, exclusive themes
- Privacy-first, no emails, usernames, or tracking in messages

Brand Colors

- Primary: Peach #FFC9A6
- Background: Navy #090D20
- Text: Soft White #E2E3FF
- Secondary: Gold #DDC577

Founder

Kristine Legaspi is the founder of Stickerbook Sky. She built the platform as a cozy alternative to social media, a place where people can share honest thoughts without the pressure of likes, followers, or algorithms.
